Over at the MagNuChem container yard, large crates are being unloaded...

Suddenly, from the pitch black of the hold...

Thanks for the lift, Captain!

Shut up! Did you hear that?

From deep within the ship's bowels came a series of deep, strange... quacking moos...

Oh SHIT!
We are sooo fired...

Max's exit...

Had set the Cowguins free!

Shit shit shit shit shit SHIT!

On the ship's bridge, the Captain looks on...

Damn Max! How did he...?

Bosun, prepare my vehicle and organise a detail to round up my pets!

They must NOT be harmed!

Aye, Captain Magnusson!

So once again, Max and Screwie meet, and the serious business of battle resumes.

Hey Screwie!
How do you reach
the pedals?

Keep laughing,
Max Damage.
You're about to get
BRAIN damage!

But Screwie
has new, juicy
tricks up his
sleeve.

Hey I did you
a big favour Lou.
Think of how much
you've saved on
buying socks!

Thrown clean out of the
Eagle, Max finds himself
in a somewhat vulnerable
predicament...

Back at the docks, Hammy sets off, intending to take HIS revenge on Max!

WOOOM!

WOO-OEE?

NOOO!
My lovesies!

RECOVER!
Recover!

ABORT!

CRASH!

CRASH!

That's
what you
get for
messin'
with our
COWS!

Shirley finishes
off the job.

SMASH!

By the power of
Anvil Launcher!

Hey lil' brother,
stay put.
I'm coming
to getcha!

She motors
off to rescue
her halfwit
sibling...

Back to Max... And it looks like it could all be over for our favourite anti-hero...

However...

The Eagle Autopilot has its own opinion on how to end the duo's death dance...

Max slips the Repair Remote out of his pocket, and aims it at The Eagle...

A sudden flash of yellow...
A sudden flash of agony!

And Die Anna.
